

# Parent Check List

## **At the beginning of the school year**

**Complete Student Health History and return to school as soon as possible.**

**Provide the school nurse with documentation of your child's up-to-date immunizations. The documentation must include the month, day, and year of the immunization.**

## **During the school year**

**Please keep your child's Emergency Card information up-to-date (contact phone numbers, allergies, name of doctor, etc.).**

**Contact the school nurse of any Health History changes, new diagnosis, chronic illness or health concerns that may arise.**

## **At the end of the school year**

**Please make arrangements with the school nurse prior to the last week of school to pick up any unused medications.**

**If your child's medication is stored at the school clinic, you must pick it up before the last day of school. No unused medication will be sent home with a student. Any unused medication will be destroyed within two weeks after the last dosage.**
